

## *Town of Center Harbor*

### INVITATION TO BID

#### Paving Bituminus Concrete

The Town of Center Harbor Department of Public Works is requesting bid proposals for the following paving to be completed by July 1, 2012: (1) a 1.5" overlay to be installed on High Haith Road from the intersection of Anthon Road to the intersection of Singing Eagle Road; (2) a 1" overlay of Overlook Drive; and (3) a 1" overlay of College Road from the intersection of Route 25B headed north to the Holderness town line. Bid specifications can be viewed from the Town's website at [www.centerharbornh.org](http://www.centerharbornh.org) or picked up at the Town Office located at 36 Main Street. Questions can be answered by calling Road Agent Jeffrey Haines at (603)279-8689 or by emailing [chdpw@metrocast.net](mailto:chdpw@metrocast.net). All proposals must be submitted in a sealed envelope, clearly labeled "Paving Bid", and received in the Selectmen's Office, 36 Main Street, PO Box 140, Center Harbor, NH 03226, at or before 3PM, Tuesday, December 27, 2011. Bids will be opened and publicly read at the December 28, 2011 Selectmen's Meeting. The Town of Center Harbor reserves the right to accept, reject, modify or negotiate any and/or all proposals or any portion thereof in the best interest of the Town of Center Harbor.

# **SPECIFICATIONS**

## **BITUMINOUS CONCRETE PAVEMENT**

### Description:

Work under this section of the specification consists of furnishing all equipment, labor and materials required to perform all operations in connection with the paving of: (1) a 20' wide 1.5" overlay of approximately 986' of High Haith Road running from the intersection of Anthon Road to the intersection of Singing Eagle Road; (2) a 24' wide 1" overlay of approximately 979' of Overlook Drive including the cul-de-sac; and (3) a 20' wide 1" overlay of approximately 3912' of College Road from the intersection of Route 25B to the Holderness town line.

### Materials:

Materials and product placement shall meet the requirements of NHDOT Standard Specifications Division 400-Pavement.

### Preparation:

The contractor will sweep the pavement surface prior to the pavement installation.

### Application:

The overlays will be applied to a compacted thickness of 1" or 1.5" as directed above.

### Traffic Control:

The traffic control shall be in strict adherence to the Manual of Uniform Traffic Control Devices (MUTCD) to ensure the safety of the crew, and traveling public. The setup shall include but not be limited to road signs, safety vests and traffic cones. The Town of Center Harbor will provide flaggers.
